

Angel Therapy Class

Taught by Crystal Doty, Certified Angel Therapist

Sponsored Guest Teacher of Healing Light Reiki Training Center

December 12th Saturday 10am to 8pm at 1103 South Orem Blvd

Hello Everybody, I am so excited about this class! I personally know Crystal Doty very well. I tease her by calling her a walking encyclopedia! She is a Bio-Energetic Practitioner, a Nutritionist, she has experience working in the medical field, she is a Certified Reiki Master Practitioner and she is certified through Doreen Virtue's Angel Therapy Certification program. If you have a question about health, supplements, energy work, or the Spiritual Realm (specifically Angels) just ask Crystal.....the walking encyclopedia!

Seriously folks! You do not want to miss this information packed class! I suggest you register now as we can only seat 15 students! Read the class details below and call me personally to reserve your seat. Tuition is \$200 and includes cool info to take home! All her classes fill up fast!

Love and Healing Light,

Lisa Rosswalker

CLASS DETAILS

This powerful and heavenly class is for those who would like to connect to the angelic realm, experience their own angels, and learn how to give angel readings to others. The class is designed to give you the information you need as well as the confidence to experience your angels on a daily basis.

First, you will be introduced to the entire angelic kingdom, focusing on the archangels and guardian angels. You will be given a one on one experience with each Archangel as well as a personal message.

The second part of the class guides you to clear any negative blocks you might have that are interfering with your ability to see, hear, feel, or know your angels. We discuss the different ways to communicate with your angels and focus on building your confidence in your inherent gifts and talents.

The third part of this class teaches you how to give angel readings to others!!

There will be meditations, activities, and practice periods so wear comfortable clothing and bring a pillow and/or blanket. A journal and pen are also recommended. There will be a one hour lunch break and you are also welcome to bring snacks and water.

"Listen to your angels, they have much to say. Talk to them and tell them how you're doing every day. When you open up to love from your heavenly host, you allow the blessings into your life and experience the most!"
